

NEW ENTERPRISES FOR PETERSBURG

Trunk and Bag Company to Apply for Charter of Incorporation.

AN AUTOMATIC RY. CROSSING

Company to Start With One Hundred Thousand Dollars Capital.

(Special to The Times-Dispatch.)

PETERSBURG, VA., January 30.—New business enterprises of no small size and importance are being organized and started here with a frequency that would indicate a remarkable degree of prosperity.

The Petersburg Trunk and Bag Company was organized last evening and will at once apply for a charter of incorporation. The capital stock is to be not less than twenty-five thousand, nor more than one hundred thousand dollars, divided into shares of one hundred dollars each. This business was conducted for a number of years by the late H. Noltenius, and the plant, stock and other properties were recently purchased by N. J. Francis and Morris Levy, two well known local business men. The officers of the new company are: President, N. J. Francis; vice-president, F. M. Dalton; secretary and treasurer, Morris Levy. These officers, with James E. Culbertson, Joseph Lambert, Harry Roper and E. E. Titus, compose the directorate. The company will soon begin the manufacture of trunks and leather goods.

AUTOMATIC RAILWAY CROSSING.

The Lancaster Automatic Railway Crossing Company, incorporated last August, and composed of Petersburg men, is to be reorganized February 1st, with five hundred thousand dollars capital, and shares at fifty dollars each. The company will introduce an automatic railway switch invented by G. W. Lancaster, a young North Carolinian, for some time employed here by the Atlantic Coast Line Railway Company. The present charter allows a maximum capital of one hundred thousand dollars; minimum seventy-five thousand. The original company was organized with the following officers: President, G. W. Lancaster; secretary and treasurer, M. A. Finn; with Charles T. Lassiter, are the directors. A stockholders' meeting for the reorganization will be held in Mr. Lassiter's office next Thursday afternoon.

Great interest and much speculation as to the buyers and their purpose has been aroused by the sale of Robert Harrison's 60-foot front property at the southeastern corner of Sycamore and Lombard Streets, which has been sold for \$15,000, with two buildings in the rear, at \$2,000, to W. H. Talley, for parties whose names no one has yet been able to learn. A large building, containing a clothing store, barber shop and lunch room, stands on the Harrison property. The two buildings in the rear, on Lombard Street, were owned by J. R. Jones. The property is in the heart of the business district, and a variety of rumors are current as to the plans of the unknown purchasers. Stories of a handsome hotel, a big wholesale establishment, a restaurant, have followed each other in quick succession. The people whose names are connected with the sale are all well known business men of large means. The mystery will probably soon be solved by the recording of the deed.

JUDGE ORGAIN'S FUNERAL.

The burial of the late Judge C. G. Orgain, of Lunenburg county, took place this afternoon at Blandford Cemetery. Claiborne Smith, a young negro, recently arrested on suspicion of having stolen more than forty chickens from W. O. Newsum, was sent on to the Hastings Court by the Mayor this morning, on a charge of housebreaking, that being the offense stated in the warrant.

TRIAL OF DESAUSSURE STARTS AT ANNAPOLIS

(By Associated Press.) ANNAPOLIS, MD., January 30.—The court-martial at the Naval Academy today began the trial of Richard L. Desaussure, of Charleston, S. C., against whom there is a charge of having, by means of a forged check, obtained \$10,000 from the United States Treasury. The charge was made known to the public last September when Desaussure was arrested.

WHAT IT MEANS TO YOU.

Few People Realize the Importance of Good Digestion Until It Is Lost. Many people suffer from dyspepsia, and do not know it. They feel mean, out of sorts, nervous, do not sleep well, do not have a good kept appetite, do not have the inclination and energy for physical or mental work they once had, but at the same time do not feel any particular pain or distress in the stomach. In all this is the result of poor digestion, an insidious form of dyspepsia which can only be cured by a remedy specially adapted to cure it. The best remedy is Stuart's Dyspepsia Tablets, which are the only food taken into the stomach, whether the stomach is in good working order or not.

Stuart's Dyspepsia Tablets, by digesting the food, instead of making the stomach do it, give the system a rest, and a cure of dyspepsia is the natural result. When you are nervous, rundown and sleepless, don't make the common mistake of supposing your nervous system needs treatment and fill your stomach with powerful nerve tonics, which make you feel good for a while, only to fall back farther than ever.

Your nerves are all right, but they are starved; they want food. Not a wholesome food, but a food that will give you the food and plenty of it, and you can laugh at nerve tonics and medicine.

But the nerves will not be nourished by a weak, adulterated food, but when the digestion has been made, all the symptoms disappear. When ever heard of a man or woman blessed with a vigorous digestion and good appetite being troubled with their nerves?

Good digestion means a strong nervous system, abundant energy and capacity to enjoy the good things of life. Stuart's Dyspepsia Tablets will certainly set your stomach and digestive organs right; they can't help but do so, because they nourish the body by digesting the food eaten and rest the stomach.

You get nourishment and rest at one and the same time, and that is all the stomach needs to build him up and give new life to every organ and an added zest to every pleasure. Stuart's Dyspepsia Tablets are a god-send to the man and woman with weak stomachs, and nerves, and justify the claim of being one of the most worthy medical discoveries of the time.

Pure, Healthful, Refreshing Apollinaris

"The Queen of Table Waters"

with others, was compelled to leave a part of his leave on account of deficiency in his studies. Midshipman Desaussure asked that Lieutenant Charles S. Bookwalter, United States navy, be assigned him as his counsel. Lieutenant Bookwalter appeared and was accepted by the court.

DEPRIVED OF HONORS.

Only Girls Will Take Part in the Commencement Next Spring.

(Special to The Times-Dispatch.)

NEWPORT NEWS, VA., January 30.—Unless the faculty is overruled by the school board, only the young lady members of the class of 1906 of the local High School will represent their class on the stage of the Academy of Music when commencement exercises are held in June. Martin Hiden, Robert Perkins and Lawrence Bouchard, the three male members of the class, have been deprived of honors and denied the privilege of receiving their diplomas in public, in addition to being suspended for long periods. A. B. Valden, of the junior class, has also been suspended and deprived of the privilege of receiving his diploma in public.

The young men mentioned entered the office of Principal J. E. Allen a week ago Saturday night and were found there by the principal and a police officer. No satisfactory explanation for their presence in the office has been given. The parents of the young men will appeal to the school board, and an interesting session is expected when the trustees hold their next meeting.

NOT CONFIRMED.

The Senate Again Passes By the Nomination of Mr. Clowes.

In executive session yesterday, the Senate, notwithstanding the effort to force action of some sort, again passed by the nominations of Eugene H. Clowes, of this city, for membership on the Board of Visitors of the Eastern State Hospital, and R. Hunter Beazley, of South Boston, for trustee of the State Female Normal School.

It is supposed that this will end the matter, so far as the present administration is concerned. Governor Montague will go out of office to-morrow, and it is hardly likely that an effort to hold another executive session will be held to-day. With two exceptions, the entire list of school superintendents was confirmed. The exceptions were Superintendent Saunders, of Portsmouth city, and Superintendent Baldwin, of Alexandria. Objection to confirmation was raised when these names were called, and they were passed by. The Senate confirmed the nominations of Professor R. E. Blackwell, of Ashland, to be a member of the Board of Visitors of the Virginia Normal and Industrial Institute, of Petersburg, and Walter Dandridge McKinney, of Petersburg, to be a member of the same board.

WILL AMEND BILL.

Williamsburg Would Sell Old Jail So As to Build New One.

(Special to The Times-Dispatch.) WILLIAMSBURG, VA., January 30.—At a special meeting of the City Council last night it was decided to ask the Legislature to authorize the sale of the old jail and lot, the proceeds of the sale to be used in the building of a new jail. The proposed amendment to the bill which was recently introduced in the Legislature, authorizing the issue of \$30,000 bonds, was adopted. This amendment specifies the improvements to be made, and requires the question of bond issue to be submitted to a vote of the people.

MONUMENT TO FITZ LEE.

The Association to Press Bill Providing for Appropriation.

There was a meeting of the Executive Committee and Advisory Board of the Fitzhugh Lee Monument Association held at No. 611 East Franklin Street last night. The bill asking for an appropriation of \$20,000 to assist in erecting a monument to General Fitzhugh Lee in the Capitol Square will be presented to the Senate today, at 10 o'clock in the Finance Committee of the Senate. The association is to give \$10,000. In view of the permanent improvements to be made in the square, and the fact that \$10,000 appropriation for the Stuart Monument has never been used, but remains in the treasury, the association hopes for favorable action on this bill. A committee from the Richmond Chapter will be present.

SHORTS ON THE RACK IN RE CANAL CONTRACT

Senator Simmons Sought to Show That Mess Not Given to Lowest Bidder.

(By Associated Press.)

WASHINGTON, D. C., January 30.—Chairman Shonts, of the Isthmian Canal Commission, testified regarding the Canal contract for feeding canal employees at today's session of the Senate Committee on Oceanic Affairs. Senator Simmons sought to show that the bid of Higgins and Dumar, of New York, for the feeding of the canal employees, was lower than the bid of J. E. Maikel and Son. Mr. Shonts replied that it would be impossible to tell which bid had been the lowest.

Senator Simmons asked Mr. Shonts if he thought the law had not been violated in letting the contract to a firm whose bid had not been the lowest. Mr. Shonts replied if the law declared that the lowest bid should be accepted without regard to the time of delivery of goods, or the quality furnished, then the law had been violated.

"As a matter of fact," asked Mr. Simmons, "was not this contract cancelled because you received a message from Mr. Stevens saying the contractors would make a million dollars a year out of the arrangement, and asking that it be held in abeyance?" "Well, I remember receiving such a message," said Mr. Shonts.

GENERAL GRIAZNOFF BLOWN TO PARTICLES

Assassin in Guise of Painter Kills Caucasian Officer and Two Others.

(By Associated Press.)

TIPLIS, CAUCASIA, Monday, January 29, via ST. PETERSBURG, January 30.—The murder to-day of General Griaznoff, chief of the staff of the viceroy of the Caucasus, was dramatic and most audacious. The assassin evidently had studied the habits of his victim, and lay in wait behind a wall of the Alexander garden, opposite the entrance of the palace, where a carriage was drawn up to take the general for his daily drive.

As all suspicious persons are liable to be searched in the streets by the police and military patrols, the assassin impersonated a painter, carrying the bomb with which he committed the crime concealed in a paint can. He was thus able to pass the sentry posted at the gates of the palace, and reached his place of ambush without arousing suspicion.

General Griaznoff, clad in a crimson uniform, made a shining target. As he stepped into the carriage the man sprang on the walls, swung the can by a cord, and the bomb, as if thrown from a sling, with marvelous precision sped straight to the mark and struck the general on the neck. A flash of fire and a terrific explosion followed, and Griaznoff was literally blown out of the carriage and, with his coachman, his Cossack orderly, and the latter's horse, was instantly killed. A lady who was passing at the time of the explosion was mortally wounded.

The assassin was caught, but he is insane. He was infuriated by the inhumanity of the infuriated soldiers, and, after being loaded into a drovsky, was being carried off to the ancient fortress above the city, where, as Tiflis under martial law, he will probably be executed at dawn. The identity of the assassin has not been established.

CITY IN URGENT NEED OF MUCH MORE ROOM

Strong Testimony By Colonel Cutshaw As to the Crowded Condition of Richmond.

After a drive across the city and into the country, touching the boundary lines proposed for the ordinance for the extension of the city limits of Richmond, Judge Nicol, of Alexandria, and counsel on each side of the annexation controversy, got down to work in the Henrico Circuit Court yesterday and at a late hour yesterday afternoon court adjourned over until 10 o'clock this morning to further hear evidence on the subject.

Col. W. E. Cutshaw, city engineer of Richmond, said on the stand yesterday afternoon that Richmond has more people to the acre than New York has. He believed that expansion was necessary and that to deny the city the right to broaden its lines would be a detriment to the health of those who now reside in the city.

The city engineer made a most effective witness. The case is being tried on its merits, now that the technical objections raised by the attorney for Henrico and the property owners living contiguous to Richmond, have been overruled. Judge Nicol is hearing the evidence that Judge Garnett would have heard had the latter been re-elected judge of his circuit by the Legislature.

Colonel Cutshaw thought it wise for the city to have control over the land or which a number of shanties are located near the Locomotive Works. To leave these in the control of the city, in all probability, prove a menace to the health of the citizens of Richmond. A large map, exhibited in the court-room, showed the lines proposed in the annexation ordinance, and by this Colonel Cutshaw demonstrated what Richmond wanted, and what was absolutely needed for the welfare of the now congested city.

The City Engineer dealt with the sewerage system, and said this might prove a rather complicated question if the city did not expand its limits. Henrico county might, perhaps, enjoy the city from laying sewer mains near the county line, and if such an injunction was sustained the property-owners and residents residing near the boundary line of the city would be receiving no better fate than the neighbors who lived a block or so distant in the county.

The case will not be concluded before the latter part of the week, if indeed it is finished by that time. Argument by counsel on both sides, it is believed, will last for more than two days.

SIR KNIGHT WM. H. MANEELEY

32d Degree of Mary Commandery, Philadelphia, Recovers From Bright's Disease.

During convalescence in San Francisco, Sir Knight Wm. H. Maneeley, of No. 17, Seventeenth Street, Philadelphia, or Mary Commandery, called at the office of the Dr. J. Fulton Co. to report his recovery. He stated that he had been afflicted with Bright's Disease and Diabetes for nine years, and had gotten so low he could not speak for a half hour at a time, and had to be put in bed. He said that the Dr. J. Fulton Co. sent him word that he had been cured, and he recovered under a preparation made in California called Fulton's Compound. Maneeley sent for the Dr. J. Fulton Co. and got the first natural sleep in many years. Improvement was then gradual but continuous, until he is now the picture of health.

Among other well-known Philadelphiaans who had recovered he mentioned Richard F. Albert, Mr. E. T. Snow, of 1115 Columbia Avenue, also, two residents of Kensington, who had been afflicted with the disease, and who had been cured by the Dr. J. Fulton Co. and several others. Maneeley will know how to approach Mr. Maneeley to get the eternal truth as to the genuineness of this profound discovery.

We again announce to the world the curability of chronic Bright's Disease and Diabetes in fully 87 per cent of all cases. OWENS & MINOR DRUG CO., Richmond.

When to suspect Bright's Disease: Weakness or loss of weight; puffiness of hands or eyelids; dropsy; kidney trouble after the third month; urine may show sediment; falling vision; drowsiness; or more of these.

KING FREDERICK EIGHTH CROWNED

Eldest Son of Christian Says He Will Follow Example Set By Father.

AN UNOSTENTATIOUS FUNERAL

Czar Nicholas and Emperor William Expected to Attend Obsequies.

(By Associated Press.)

COPENHAGEN, DENMARK, January 30.—The new King, Frederick the Eighth, now reigns over Denmark. His accession has been hailed with all appropriate enthusiasm and ceremony, but sorrow for the death of Christian, the Ninth, is the predominating sentiment. The overwhelming grief of the immediate members of this remarkable family is reflected in only a slightly lesser degree in every home in Copenhagen.

Throughout the earlier part of the day the lugubrious tolling of bells, the booming of minute guns, the universal evidences of mourning and the stagnation of business, even and the strangely contrasting acclamations for the new king, told strongly of the deep feeling of the people of Denmark for the head of the nation, whose remarkable career had ended so suddenly.

In a chamber of the Amalienborg Palace the body of the King lies in the modest bed in which he breathed his last. The door of the chamber is guarded by the King's adjutants as a guard of honor.

Following the wishes of King Christian, the funeral will be attended with little ceremony.

The funeral will take place in the Cathedral of Roskilde, beside Queen Louise, in the chapel of Frederick the Fifth, King Haakon, of Norway; Queen Alexandra of England and King George of Greece are expected to arrive in a few days. It is thought that the Emperor of Russia will attend the funeral, but this is uncertain. It is announced that Emperor William will be present in person, coming in a warship, which he will occupy during his stay.

New King Crowned.

Frederick the Eighth was proclaimed King at noon to-day in Amalienborg Square, in front of the palace. The ceremony lasted only a few minutes. The premier, M. Christensen, appeared on the balcony of the palace and announced to the 50,000 persons assembled below the death of King Christian the Ninth and the accession of his eldest son.

The premier then called for cheers for King Frederick the Eighth. The new ruler of Denmark joined the premier on the balcony and, in a short speech, declared that he would rule in accordance with the example set him by his father, and trusted that the same accord between the king and the nation would continue as heretofore. His Majesty concluded with calling for cheers for the fatherland.

King Frederick received a warm-hearted greeting from the assembled crowd, whose cheers mingled enthusiastically with the national anthem.

King Frederick, who is a great admirer of the United States, to-day expressed himself as being especially affected by the condolences of President Roosevelt in behalf of the American nation.

PLEASURE PARK FOR COLORED FOLKS

New York Capitalist Has Bought Property to Establish One in Richmond.

Several Sundays ago The Times-Dispatch stated in its real estate column that J. Thompson Brown & Company had made a sale of quite a large block of ground that would "affect the pleasure and happiness of many people." It is now known that the property is to be a pleasure park for the colored population of Richmond. The property is situated on the south side of the city, and is bounded by the Potomac River, the city limits, and the Potomac River. The property is now being developed by the New York Capitalist, who has bought the property to establish a pleasure park for the colored people of Richmond.

This block has a magnificent grove of forest trees, several bold and free-flowing springs and seems endowed by nature for the purpose Mr. Jeter proposes to make of it, to-wit, an up-to-date pleasure park, and it is to be a park for the best element of the colored population. Plans are now being drawn for immense pavilions, bowling alleys, flying springs, canoes, bamboo slides, summer theatre music stand, ice cream parlors, etc.

Mr. Jeter proposes if possible, to utilize the fall of the creek at this point for a small water power to generate his own electric lights, etc., an ample supply of pure spring water is sufficient for bathing pools, etc. There will be nothing like it south of New York, and it will fill for the colored people what has been, a long-felt want in this community. Mr. Jeter is a prosperous contractor of Mt. Vernon, N. Y., and was interested in Richmond through William Miller, a prominent colored citizen and property owner of Mt. Vernon, N. Y., and Lehigh Streets. The property acquired is a part of the old Bowe estate.

He married Miss Susan Mildred Perkins, who survives him, and six children, Mr. Emmet Crank, of Louisville; Mr. John Crank, of Fredericks Hall; Mr. James Crank, of Vigor; Mrs. Richard Perkins, who lived with him, Mrs. D. W. Perkins, of Blackstone, Va., and Mrs. J. F. Omohundro, of Fluvanna county.

Mr. John R. Crank.

(Special to The Times-Dispatch.)

LOUISA, VA., January 30.—Mr. John R. Crank, one of the oldest and most prominent business men of the county, died at his home near Belle Cross Roads, this county, early Monday morning, and was buried at his home to-day.

He was 69 years old, and early in life engaged in the lumber business, and more recently in the railroad business at which he has been very successful. He was also a very successful farmer and was at one time a supervisor of Louisa county.

He married Miss Susan Mildred Perkins, who survives him, and six children, Mr. Emmet Crank, of Louisville; Mr. John Crank, of Fredericks Hall; Mr. James Crank, of Vigor; Mrs. Richard Perkins, who lived with him, Mrs. D. W. Perkins, of Blackstone, Va., and Mrs. J. F. Omohundro, of Fluvanna county.

Mr. John R. Crank.

(Special to The Times-Dispatch.)

NORFOLK, VA., January 30.—Captain De W. Jones was sentenced to the penitentiary by Judge Allan R. Hancock, of

Agents for Standard Patterns. A Change in the Firm

is made necessary by the increase in the business, and it also necessitate a great reduction in every department. We have arranged to put on sale Wednesday some specials that will make it interesting to every shopper in the city.
